The Plot Thickens Garden Club Lecture Series – Wednesday, May 15th @ 6:30pm. Our guest speaker will be Kara Matthews, Horticulturist at Coumts Centre near Nanton held in the Library 6:30 to 8:30 pm. When it comes to companion planting, it can be difficult to remember who likes who. Nobody wants to live next to someone who makes their life difficult. Kara discovered a wonderful online tool that anyone can use to design, plan and journal your garden each year. There is a free version, and a subscription version. The talk on the 15th will introduce this tool, and explore how to use it, and also play around with the companion plant tool. Come join us for a fun and interesting evening with snacks and an attendance draw. Pre-registration would be appreciated by contacting: help@stavelylibrary.ca; or **texting 403-682-8880**, but drop-in is welcome as well. There will be a cover charge of \$5 for each participant for this presentation. New this month we will have a perennial swap at this lecture. Please label and pot healthy plants in individual sturdy containers. This is a great opportunity to find new homes for your extra plants, or exchange them for new ones. Price between \$3 to \$5 each plant with proceeds to go toward the Library for future gardening presentations. **If you are interested in gaining knowledge of plants, gardens and gardening, watch for the next garden lecture coming in June** - Date and topic will be posted each month on the Library Website: www.stavelylibrary.ca; **Stavely Municipal Library Facebook page, and Stavely newsletter.**

All manner of gardeners are welcome – from pot to plot!

Did You Know – you can access the Stavely Library Newsletter every month online by going to stavelylibrary.ca and select the newsletter image on the left of the screen (under clock & location icon).
